Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 05 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Outbreaks of rain clearing to sunshine and a few showers.

Today:
Monday starting with widespread showery rain, heavy in places. This will clear through the day to give sunny spells and a largely dry end to the day. There is still the chance of the odd shower, which could be heavy. Maximum temperature 20 deg C (68 deg F).

Tonight:
Overnight a band of rain will move in from the south. It will likely linger in places until morning, though tending to ease by this time. Minimum temperature 8 deg C (46 deg F).

Tuesday:
Early morning should see the last of the night's rain clear from the region. Afterwards conditions likely unsettled, with sunny spells and scattered showers, heavy and thundery at times. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Wednesday and Thursday turning cooler, largely dry with sunny spells and showers, possibly heavy with a chance of thunder on Wednesday. Friday starting to turn warmer again, with variable cloud.
